

Purchase Bundle # 2

February 19th, 2020
**Working
Towards a Net
Positive Future**

Featuring Cillian Collins
and Sindhu Mahadevan

10:00 AM – 11:00 AM (PST)

As our larger cities further urbanize, the growth of new multi-unit residential buildings will continue to be a focus for governments and developers alike. These buildings present unique challenges for energy use in urban environments as site constraints can often limit the effectiveness of passive design strategies; hear from Cillian Collins and Sindhu Mahadevan from Perkins + Will on their lessons learned.
