

March Passive House Technical Group - Vancouver

Join us for a discussion about building recycling!

Welcome to the Passive House Technical Group! This event will feature deeper dives into a broader range of Passive House topics and energy efficiency. If you have a topic request, or issue you'd like help resolving, please [email us](#).

For March, we bring together speakers from all areas of the construction industry to discuss ways we can be more environmentally friendly on our construction sites. Come and learn about building recycling from Cassidy Vander Ros, Nickel Bros; construction site waste management and recycling from Cinci Csere & Chris Arkell, Sea to Sky Removal; and the city's policies from Faisal Mirza, City of Vancouver. We will end with some time for questions and networking!
